Credit Card Reader for iPhone, iPod, and iPad

The ID TECH iMag Pro is an encryption capable MagStripe reader for Apple mobile devices with 30-pin connectors: iPhone, iPod, and iPad. Use your mobile device to read a variety of magnetic stripes including credit cards, signature debit cards, gift cards, loyalty cards, driver’s licenses, and ID badges.

Superior MagStripe Reading Performance
The iMag Pro utilizes ID TECH’s proven MagStripe reading technology, providing bidirectional card reading of up to three tracks of information. With a guaranteed operating life of at least 100,000 card swipes, the iMag Pro offers exceptional card reading capabilities in a durable form factor.

Incredible Convenience
The ID TECH iMag Pro allows merchants to provide their customers with another acceptable method of payment, and with the capability to swipe credit cards, merchants can save money by avoiding costly card-not-present fees. With the ID TECH iMag Pro, merchants can accept credit card payments wherever they go.
