# MINIMAG DUO

COMPACT DUAL-HEADER MAGSTRIPE SWIPE READER

The Minimag Duo's unique dual-head design provides the most convenience to the user and ensures the data is captured on every swipe. It reads three tracks of magnetic stripe card data regardless of swiping direction and over a large speed range. The MiniMag™ Duo delivers exceptional performance in a compact 90mm solution. Available in USB Keyboard and USB-HID interfaces, the MiniMag™ Duo offers one of the smallest form factors for the industry. The MiniMag™ Duo is a strong fit for kiosk applications as well as POS, loyalty, and hospitality applications. The MiniMag™ Duo provides embedded metal threaded inserts in its base to allow the reader to be mounted.
